

GLOBAL CONSTRUCTION SOLUTIONS

DRIVEN BY COLLABORATIVE PARTNERSHIPS

**POWERING FUTURES,
CREATING LEGACIES.**

OUR ORIGINS

BMD was founded on relationships. As a family-born company, this will never change, no matter how much we scale, diversify and globalise. We believe the foundation for success is reliant on collaborative and mutually beneficial relationships.

The BMD impact seeks to create lasting legacies, progressing futures for generations to come.

BMD IS AUSTRALIA'S LEADING INTEGRATED ENGINEERING, CONSTRUCTION AND URBAN DEVELOPMENT BUSINESS, DRIVEN BY A PURPOSE OF POWERING FUTURES AND CREATING LEGACIES.

Established in Australia in 1979, we are known for our infrastructure solutions that connect and transform communities. Our foundations are built on the family values that underpin our unique, collaborative approach, with our strength lying in our relationships with clients, suppliers and partners, our growing global expertise and deep local experience.

At BMD, we believe in outperforming in all that we do. We challenge ourselves to harness opportunities and realise potential—for our people, projects and communities.

OUR GROUP OF COMPANIES

The BMD Group brings together a unique portfolio of specialist engineering, construction and urban development companies to provide standalone or integrated solutions for our clients, partners and communities.

THAT'S THE POWER OF BMD.

BMD Constructions delivers complex infrastructure projects with expertise across diverse sectors including defence, water and wastewater, transport, ports, aviation and renewable energy.

Urbex is an innovator in residential and commercial development, delivering excellence in the creation of new communities.

BMD Urban supports our private and government clients through the provision of civil and building works for land development and associated infrastructure.

Empower is a specialist design, engineering, project management and consultancy business delivering solutions to the property and infrastructure sectors.

JMac is a landscape and building contractor specialising in residential, commercial, industrial, sporting facilities, public infrastructure, environmental rehabilitation and long-term care and maintenance.

Niepe is a leading civil structures subcontractor with a reputation for delivering quality civil concrete structures for infrastructure projects.

WHO WE ARE

BMD started from humble beginnings in 1979 as a family-owned company founded by Mick Power AM together with his wife, Denise, and his sister and brother-in-law, Beverley and Bevin. Through harnessing opportunities and their initials combined — BMD was created.

The collaborative efforts and integration of family values nurtured a solid foundation for our business. Today, BMD is Australia's leading integrated engineering, construction and urban development business, while remaining anchored to our family values. We continue to grow and expand driven by our purpose to power futures and create enduring legacies.

LEGACY OF IMPACT

From our origins in Queensland to our national and international presence, BMD remains committed to powering futures and creating lasting legacies. Our success is built on strong relationships, deep industry expertise, and a relentless focus on delivering infrastructure that transforms communities and strengthens economies.

QUEENSLAND ORIGINS

Mick initially worked with small scale contracts and began undertaking lower-priced residential subdivisions in collaboration with Hooker Rex (now known as Fraser Property Group). Infrastructure and civil works across several residential subdivisions in Queensland was among their projects.

NATIONAL GROWTH

Over more than four decades, BMD has expanded across Australia, delivering complex infrastructure projects that shape cities, connect communities, and drive economic growth. Today, our presence spans every state and territory, with teams on the ground delivering civil, transport, resources, defence, and urban development projects in metropolitan, regional, and remote areas. Our ability to operate at scale, combined with deep local expertise, has positioned us as a trusted partner in delivering infrastructure that matters.

INTERNATIONAL STRENGTH

BMD's success in Australia has provided a strong foundation to take our expertise to the global stage. Since 2004, we have expanded into international markets, bringing our collaborative approach, local industry knowledge, and commitment to long-term partnerships to new regions.

In the **United Kingdom**, we have provided project management and advisory services in the rail and construction industries, showcasing our ability to navigate complex infrastructure challenges.

In the **Philippines**, our partnership with Prime Metroline Infrastructure Holdings under the Prime BMD banner has enabled us to deliver critical infrastructure projects that drive economic growth and improve connectivity.

By demonstrating the strength of our relationship-based approach and proven track record of delivering cost-effective, sustainable solutions, we continue to set ourselves apart in global markets.

A TRUSTED AND RELIABLE PARTNER

BMD is built on trust, collaboration, and a commitment to excellence. As a high-performance organisation, we prioritise safety, innovation, and sustainability—ensuring every project not only meets but exceeds expectations.

Our strength lies in our people and our collaborative approach. By empowering our teams and fostering strong partnerships, we consistently deliver exceptional outcomes. With a proven track record of reliability and industry-leading expertise, BMD is the partner of choice in the infrastructure sector, driving lasting impact for clients, communities, and the industry.

The health and safety of our employees, stakeholders and the communities we engage with is our top priority. We adhere to stringent safety protocols and industry standards to create a safe working environment across all our projects.

SECTORS

WITH EXPERTISE ACROSS VAST SECTORS, WE HAVE CAPABILITY IN:

AVIATION

We offer unique solutions for airport and defence facilities whether landside or airside. Our capabilities include roadways, bulk earthworks, car parks, walkways, utilities and drainage. We are also able to deliver runways, taxiways, aprons, flexible pavements and heavy-duty pavements.

PORT

We utilise innovative construction methods and solutions in delivering container terminals, wharf refurbishments, coal terminals, ocean outfalls and seawalls and marine structures.

RAIL

We link communities from metropolitan, regional and remote areas with our capabilities encompassing new rail lines, rail network upgrades, rail bridges, tunnel structures, level crossing removals, stations, interchanges and auxiliary work including signalling and crossings.

RESOURCES

We deliver major civil and industrial infrastructure to support Australia's mining and resources industry. This includes capability in bulk earthworks, quarry reclamation works, haul road construction, concrete foundations, washdown slabs, heavy duty pavements, stormwater installation, service relocation and installation, structural steel erection and assembly, mechanical operations, piping, fibre optics, and electrical and instrumentation installation.

ENERGY

We power a more sustainable future through our experience in the construction and project management of energy and renewables projects.

WASTE AND WASTEWATER

We collaborate with local water authorities in delivering reliable and resilient infrastructure solutions across the water and wastewater cycle from design, construction, commissioning and maintenance stages.

DEFENCE

We deliver fully integrated services to defence and national security while maintaining compliance to security protocols and requirements of the Australian Department of Defence.

PROPERTY DEVELOPMENT

We build communities through project structuring, planning, management and marketing of our diverse portfolio of innovative living environments that sets new benchmarks in urban design.

COMMUNITY INFRASTRUCTURE

We transform spaces into iconic and usable precincts that bring communities together through our capabilities in developing subdivisions, water and wastewater infrastructure, bikeways, sporting facilities and public open spaces.

LAND DEVELOPMENT

We shape communities through advanced and cost-effective industrial, commercial and residential projects ranging from water and wastewater infrastructure, bikeways, sporting facilities, and community and airport infrastructure.

TRANSPORT

We are driven in constructing safe transport networks in metropolitan, remote and regional areas with our capabilities spanning from roadworks, tunnelling, bridges, complex highways, motorway interchanges and duplications.

BUILDINGS

We deliver high quality and transformative structures and buildings with our capabilities including development of defence bases, commercial and industrial infrastructure, community buildings, retail spaces, residential apartments and hotels.

SUSTAINABILITY

BMD is committed to building a sustainable future by embedding sustainability in the way we deliver infrastructure.

We prioritise our workforce, minimise our environmental impact, support the transition to a low-carbon economy and create lasting value for the communities where we work.

Through innovation and collaboration we deliver infrastructure that supports future generations.

ENVIRONMENT

We support innovations and technologies that reduce our carbon emissions, improve waste and circular economy processes and protect biodiversity while mitigating ecological impacts.

SOCIAL

We prioritise our workforce through investing in wellbeing programs, improving health and safety practices and ensuring diversity and inclusion within. We are committed to creating career pathways and economic opportunities for our people that transcends through our clients, the community and Indigenous partnerships.

GOVERNANCE

We monitor and develop our systems, processes and data security to ensure the continuity of an ethical and compliant business and supply chain.

ECONOMIC

We prioritise commercial principles to ensure positive economic outcomes for our business operations, partners and communities.

CREATING ENDURING LEGACIES IN THE COMMUNITIES IN WHICH WE OPERATE

BMD acknowledges with deep respect the traditions, values and cultures of Aboriginal and Torres Strait Islander peoples across Australia. Our commitment to fostering relationships and collaboration with Aboriginal and Torres Strait Islander peoples and businesses remains integral to how we operate and ensures our projects create positive and lasting impacts in communities, beyond the infrastructure we deliver.

Through our Stretch Reconciliation Action Plan (RAP), we outline our commitments, strategies, actions, and key initiatives aimed at achieving our vision of a sustainable future for Aboriginal and Torres Strait Islander peoples. This includes fostering cultural understanding within our organisation, providing employment and training opportunities for Aboriginal and Torres Strait Islander peoples, supporting Aboriginal and Torres Strait Islander owned businesses through procurement, and creating meaningful partnerships with communities.

PURPOSE AND VALUES

**POWERING FUTURES AND CREATING
ENDURING LEGACIES THROUGH A
COMMITMENT TO COLLABORATION.**

BMD is a purpose and values driven business. Our values are more than just words to us. We live and breathe them, they are who we are, and they're at the core of how we do business every day.

ACROSS OUR
BUSINESS, WE VALUE

WE ARE FAMILY

Our future is powered by the same family values we were founded on. We value each other, we work as a team, and we build everything from strong relationships and respect.

WE ARE DRIVEN

Hard work will triumph as we persist through obstacles and seek continuous improvement. We celebrate effort as much as achievement because it's the effort that propels performance.

WE ARE EMPOWERED

We empower our people to take initiative through a supportive environment. Everyone has the opportunity to achieve their potential.

WE ARE COLLABORATIVE

Together, we solve challenges and build lasting, trusted relationships with clients, suppliers and partners to achieve shared success and long-term impact.
